

## **William G. Noll, Jr.**

### **Site Vice President, Three Mile Island Unit 1**

William G. Noll, Jr. is currently the Vice President, Three Mile Island Unit 1. Mr. Noll joined Exelon Nuclear in May 2007 as Vice President of Mid Atlantic Operations. He was named Site Vice President of Three Mile Island Unit 1 in March 2008.

Noll has over 30 years of experience in the nuclear industry. Before coming to Exelon he was the Director, Site Operations for Progress Energy at both the Robinson Nuclear Plant in South Carolina and Brunswick Nuclear Plant in North Carolina. While at Brunswick, Noll also served as Plant General Manager, Manager of Operations and Superintendent, Operator Training.

Prior to joining Progress Energy, Noll worked for 12 years for Northeast Nuclear Energy in various capacities, including Licensed Senior Reactor Operator, at the Millstone Nuclear Plant in Connecticut. He began his career in the commercial nuclear industry with General Electric Company as a Startup Test Engineer at the Limerick Generating Station in Pennsylvania.

Noll served as a Naval Nuclear Submarine Officer in the U.S. Navy. He earned a B.S. in Physics from Eastern Nazarene College.
