**FOR IMMEDIATE RELEASE**

## **Exelon Nuclear Partners with Community Health & Dental Care To Help Provide Medical Care in Pottstown Area**

**Pottstown, PA** (April 8, 2009) - Community Health & Dental Care (CHDC) is pleased to announce that Exelon Nuclear has joined our family of community sponsors as a member of CHDC's Founder's Campaign with a \$25,000 contribution. As a member of the Founder's Campaign, Exelon Nuclear will have naming rights to an office or piece of equipment and CHDC will place an Exelon Nuclear "Star" in the lobby of the health center alongside other founders.

"This donation is more than just naming rights and a star," explained CHDC's Vice President, Mary Ann Dailey, PhD, RN. "Exelon's generous contribution will be used for the purchase of a Panorex machine in the dental wing of CHDC, which will allow staff to do full-mouth x-rays and provide other important services to our patients."

Sponsors of CHDC's Founders Campaign have made a gift of \$7,000 or more to help underwrite medical and dental care to people of the tri-county area. The campaign, started this past winter, welcomes anyone interested in supporting the initiative to see that people of the tri-county area have access to affordable medical and dental care whether or not they have insurance.

"The Pottstown area is lucky to have a resource like Community Health and Dental Care," said Limerick Generating Station site vice president, Chris Mudrick, "and we are proud to support an organization that cares for our community."

New patients are welcome at CHDC. To make a medical appointment, phone 610-326-9460. Dental appointments, please phone 610-326-7405. For more information on how you can become involved with the Founder's Campaign visit [www.ch-dc.org](http://www.ch-dc.org).

#####

*Exelon Corporation is one of the nation's largest electric utilities. The company has one of the industry's largest portfolios of electricity generation capacity, with a nationwide reach and strong positions in the Midwest and Mid-Atlantic. Exelon distributes electricity to approximately 5.4 million customers in northern Illinois and southeastern Pennsylvania and natural gas to*

*approximately 485,000 customers in the Philadelphia area. Exelon is headquartered in Chicago and trades on the NYSE under the ticker EXC.*

*Community Health and Dental Care is a non-profit community-based center that provides medical and dental care, which includes pediatric and family medical services and preventive and restorative dental care, to patients without insurance, patients who are under-insured and patients with insurance.*
