

Powering Our Community
for Today and Tomorrow

Limerick Generating Station Community Outreach Fact Sheet

- Limerick Generating Station conducts a comprehensive community outreach program that is designed to keep the public informed in a timely fashion about events and activities at the plant.
- Limerick's management is dedicated to keeping the lines of communication with the community open in order to develop and maintain strong community relationships built on mutual respect and trust.
- Limerick and its employees are committed to being good neighbors. In 2010, the company and its employees contributed over \$650,000 to local non-profit and service organizations located near the plant. These funds supported local fire companies, youth sports, the arts, local schools, the United Way, and much more.
- Limerick's community outreach program includes: tours for key stakeholders, Limerick status reports presented to local governing boards during public meetings, talks to local community and civic organizations, a charitable giving program and a Community Advisory Panel.
- Limerick has 860 full-time employees and an annual payroll of approximately \$75 million. Many of the employees live near the plant and are active volunteers in the community.
- In order to keep key stakeholders informed, Limerick maintains a key stakeholder call out list and notifies those on the list of any activities or events that may interest Limerick's neighbors and the public. These courtesy calls are not required but are done to keep state and local officials informed about Limerick in a timely fashion.
- Limerick also conducts a comprehensive training program for emergency management volunteers in the 10-mile radius of the plant. The program includes an annual training each January.
- Limerick also maintains strong relationships with the local and regional news media that cover the plant. Our philosophy is to be accessible, open and honest with the media. A communications representative is available on a 24/7 basis to handle media inquiries.
