

EXELON GENERATION COMPANY, LLC

SPECIAL NOTES TO VENDOR

Contracts

If applicable, the prices, terms and conditions of the above Blanket Contract apply to this release. Supplier agrees that he will insure his workers' compensation and occupational diseases liability and indemnify purchase and others in accordance with the terms shown. Seller is required to provide Material Safety Data Sheets (MSDS) in compliance with OSHA's Hazard Communication Standard -29 CFR 1910.1200 (g) and the Illinois "Toxic Substances Disclosure to Employees Act." Seller shall mail MSDS to Nuclear Environmental Department, 4300 Winfield Road, Warrenville, Illinois 60555 and also send a copy with each shipment addressed to the Site Chemical Control Coordinator (SCCC).

- Address for sending invoices to Exelon Generation Company, LLC is as follows:

Contract Invoices – Business Services Company, an Exelon Co., PO Box 805387, Chicago, IL 60680-5387

- In order to expedite payment, reference the entire Contract number and Release (if applicable) on every invoice and monthly statement. Invoice will not be accepted if Payment Authorization number is not on the invoice or if the invoice cost exceeds price on Contract. Any other costs such as Tax, Freight, Expediting, Documentation Charges, and associated Labor Costs are to be broken out separately per each line item. Invoices submitted for work performed over one year ago will be rejected.
- There shall be absolutely no Product Substitutions without prior Exelon review and approval.
- All inquiries regarding the Contract (and/or release) shall be directed to the Exelon Generation Company, LLC contact indicated on the Contract. Contact your Site Planner Buyer or Corporate Procurement Specialist of the Blanket Release or Contract.
- For invoice inquiries, contact Accounts Payable at **312-394-4285**.
- Materials are for our own use. Bill applicable Illinois tax.
- **FREIGHT INSTRUCTIONS** – Unless Supplier has previously negotiated freight terms with Exelon Generation Co. LLC- Site Planner Buyer or Corporate Procurement Specialist, and freight terms are on the Purchase Order, supplier will provide freight according to one of the following options:

Type of Material	Location Shipped From	Shipping Method	Supplier Charges Freight Separately on Invoice?
