

Linda Jojo

Independent Director since 2015

Ms. Jojo has a wealth of experience leading complex IT organizations and brings important information technology and innovation expertise to Exelon's Board. Ms. Jojo's educational background in computer science and industrial engineering also lend expertise to Exelon's risk oversight and cybersecurity initiatives.

From 2022 until her retirement in 2024, Ms. Jojo served as Executive Vice President and Chief Customer Officer for United Airlines. In this role, she had oversight of digital technology, contact centers, customer solutions and innovation. From 2017-2022, Linda served as United's Executive Vice President of Technology and Chief Digital Officer, where she led information technology, data analytics, digital products, e-commerce, cyber security, and the airline's digital strategy. Prior to joining United, she served as Executive Vice President and Chief Information Officer for Rogers Communications Inc. from 2011 to 2014 (wireless communication and media), where she was responsible for all IT systems for both customer-facing and business support systems. Prior to this, Ms. Jojo served in other senior officer roles at Energy Future Holdings Corporation (held a portfolio of competitive and regulated energy companies), Flowserve Corporation (suppliers of industrial and environmental machinery), and General Electric.

Ms. Jojo serves as a director of the Federal Reserve Bank of Chicago, is a member of the board of trustees at Rensselaer Polytechnic Institute in Troy, NY, is a director of Hero Digital Holdings LLC, and is former chair of the board of trustees of the Adler Planetarium in Chicago, IL.
